Riders must at all times adhere to the provisions of the Sporting Regulations. All infringements to these rules will be penalized by the Clerk of the Course or the Jury.

However, if a rider accidentally leaves the track then he may re-join the circuit at the place indicated by the marshals or at a place, which does not provide an advantage to him. The marshals may assist the rider in helping him to lift the machine and holding it whilst any repairs or adjustments are made. Any repairs or adjustments must be made by the rider working alone with absolutely no outside assistance. The marshals may then assist him to re-start the machine. If a rider wants to re-join to race following a crash, the marshals must check the bike's safety, and ensure the track remains free of any gravel or other dirt.
- 4) If a rider encounters a problem with his machine which will result in his retirement from the race, he may not attempt to tour at reduced speed to the pits but should pull off the track and park his machine in a safe place as indicated by the marshals.
- 5) Riders who are returning slowly to the pits during the practice, should ensure that they travel as far as possible off the race line. They must give a signal by raising an arm.
- 6) Riders may enter the pit-lane during the practice and the race to make adjustments to their machines or change tyres. During the race all such work must be carried out in the pit lane on the working apron in front of the boxes. Refuelling is strictly prohibited after the leading rider has passed the finish line after the first lap of the race. During the intervals, if races are interrupted, work and refuelling in the pit boxes is permitted.
- 7) A rider will only be allowed to start the race until the leader has crossed the start/finish line for the first time.
- 8) Riders who stop their motorcycle in the pits may be assisted to re-start it by the mechanics or a starting device.
- 9) Riders must not transport another person on their machine during the practices and race.
- 10) Riders must not ride or push their motorcycles in the opposite direction of the circuit, either on the track or in the pit lane, unless doing so under the direction of an Official.
- 11) Voluntary stopping on the track during practices and races is forbidden.

- 12) After passing the chequered flag, of the official free practice session and warm ups, which determine the end of the session, when it safe to do so, off the racing line and in the designed area by Clerk of the Course which is marked with a removable panel indicating "PRACTICE START", riders are allowed to do "Practice Start".
